Date: 26th July 2025, Saturday

Time: 7:30 AM onwards

Venue: Siddhi Memorial Women and Children Hospital, Bhimsenthan, Bhaktapur-7

Purpose of Plantation:

This event is part of the Rotary Club of Bhaktapur's Strategic Plantation Plan (Phase 1) and aims to:

- Promote greenery and environmental sustainability
- Protect the land adjacent to the riverside from erosion and flooding
- Grow fruit-bearing trees for the benefit of the community
- Provide long-term benefits to thousands through a single tree
- Ensure year-round care and maintenance by local partners

This location was specifically chosen as the hospital area experiences annual flooding, making land protection a priority. Additionally, the site offers easy accessibility for Rotarians, Rotaractors, Interactors, and other volunteers to maintain the plantation year-round.

Our shared vision is to transform this space into a green park with flowers and fruits, a healing space for patients, a peaceful environment for visitors, and a community asset for locals.

Special Feature

All the plants were purchased from Commute Agro Nursery running by Person with disability (SCI)

As part of its commitment to inclusivity and community empowerment, Rotary Club of Bhaktapur purchased all the plants for the plantation program from **Commute Agro Nursery**, a nursery run by a person with disability (SCI), Mr. Shishir Dahal. This initiative not only supports his livelihood but also encourages entrepreneurship among persons with disabilities (PWDs), promoting dignity through economic participation.
